Clinical Assessment for Preceptor

UI/UX design

Flowchart/User Flow

Low Fidelity Wireframes

Role:

My primary responsibility was to build six interactive videos for Blended Learning research program - also to ideate, flowchart and prototype web layout. The UI/UX is designed with a dashboard like interface.

Tools:

Photoshop, Illustrator.

For interactive videos; Photoshop, Illustrator, Premiere, After Effect and Camtasia.

Clinical Assessment for Preceptor UI/UX design

High Fidelity Prototypes

This page shows a registration form titled "Register" with fields for Full Name, Last Name, Username, Email, Password, and Confirm Password. A "REGISTER" button is at the bottom. Below the form is a link "Already on CAP? Login". The footer includes "help", "privacy", "terms", and "Copyright © 2020 NUS".

The page displays a sidebar menu with sections like "COURSE INFO", "Web Based Learning", "Virtual Simulation", "QUIZ", "DISCUSSION FORUM", and "SURVEY". The main content area shows an "Intro Video" featuring a woman in a suit. The video player interface includes a play button, progress bar, and volume control. Below the video is a "LOREM IPSUM" placeholder text block.

The sidebar menu is identical to the previous page. The main content area shows a video titled "Theme 5 Complex Case" featuring medical staff in a hospital room. A yellow overlay box highlights the text "5.Deteriorating (SCoRSIS)". The video player interface is similar to the intro video. Below the video is another "LOREM IPSUM" placeholder text block.

Departemen Travel

UI/UX design and web development

Flowchart/User Flow

Low Fidelity Wireframes

Departemen Travel

UI/UX design and web development

High Fidelity Prototypes

The screenshots illustrate the UI/UX design of the Departemen Travel website. The landing page features a large banner with the text "We're back" and several travel options like "Exploring Europe by private car". The registration and login forms are clean, modern designs with input fields and social media sharing icons. The search results page allows users to filter trips by continent, country, and city, with a grid of travel destinations like Thailand, Singapore, and Vietnam.

Role:

Logo Creation, Ideation, Flowchart, UI/UX design

About this project:

Departemen Travel was first launched in 2016, the website and business are taking a break for a while with a new brand, team and website. Departemen Travel might sound like Departmen of Travel, but the DeparTEMEN TRAVEL itself has its own meaning in Indonesian. TEMEN means Friend or Buddy in informal Indonesian. So, Temen Travel means Travel Buddy.

Tools:

Photoshop, Illustrator, Figma.

You can view the prototype [here](#).

The project is still ongoing, we're still developing the front-end and back-end for the website.

Green Hills Premium Residence

UI/UX design and web development

User Flow

Low Fidelity Wireframes

Role:

Ideation, Flowchart, UI/UX design, web development

Tools:

Photoshop, Illustrator, Figma.
HTML, CSS & JS

You can view the prototype [here](#).

The website is still under construction.

Green Hills Premium Residence

UI/UX design and web development

High Fidelity Prototypes

A high-fidelity prototype of the Green Hills Premium Residence website's profile page. It includes a sidebar with a logo and navigation links. The main content area features a large image of a rice field, a section titled "Sejarah" with descriptive text, a section titled "Visi dan Misi" with descriptive text, and a quote at the bottom.

A high-fidelity prototype of the Green Hills Premium Residence website's page for house types. It features a sidebar with a logo and navigation links. The main content area displays a grid of six house types: Tipe Akasia, Green Hills, Tipe Borneo, Tipe Cendana, Tipe Edelweiss, and Tipe Dahlia, each with an image and name.

Event and Campaign Posters

Role: Ideation || Tools: Illustrator, Photoshop

A poster for a seminar at NUS Yong Loo Lin School of Medicine. The title is "Medical Sciences Cluster Seminar Series". It features a photo of a man (Professor Brian K Kennedy) and details about the event: Date: 16 April 2018 (Mon), Time: 12.30pm to 1.30pm, Venue: MD11, Clinical Research Centre, 10 Medical Drive, Singapore 117597, Level 1, Auditorium. The seminar topic is "The Age of Ageing - Can we Intervene? By Distinguished Professor Brian K Kennedy". The text discusses the potential for interventions to enhance human healthspan through animal models and the TOR pathway. It also mentions the Center for Healthy Ageing at NUS.

A poster for Staff Welfare 2018 at the Peranakan Museum. The title is "Staff Welfare 2018 peranakan MUSEUM on the 28th February, 2018". It describes a guided tour, Peranakan nyonya kueh tea, and a photo hunt with prizes. It features a bronze statue of a man holding a child's hand. The text also mentions a buffet lunch at Penang Place in Suntec City. Logos for NUS and the Department of Biochemistry, Yong Loo Lin School of Medicine are at the bottom.

Those cute animals are illustrated by my scientist colleague, Mafer Seow.

Virtual Simulation on Multidisciplinary Team Care Delivery

JOIN US!

Who can join?

Students from Year 3 & 4:
- Medicine
- Medical social work
- Nursing
- Occupational therapy
- Pharmacy
- Physiotherapy

Multidisciplinary Team Care Delivery

- Engage in multidisciplinary bedside round and discharge care planning
- Introduce to shared mental models
- Facilitate effective communication and collaboration in multidisciplinary team care planning for patient-centered care

Learning Objectives

- Understand the roles & responsibilities of different healthcare professionals in the delivery of team care
- Apply shared mental model using ISBAR to support care planning in multidisciplinary bedside rounds
- Apply shared mental model using biopsychosocial model to support multidisciplinary discharge care planning

2-hour interprofessional learning between Jan to June 2021

If interested, please contact [Maybelline](mailto:Maybelline@nus.edu.sg) at nurslo@nus.edu.sg before 31 Dec 2020
