# Clinical Assessment for Preceptor

## UI/UX design

### Flowchart/User Flow

### Low Fidelity Wireframes

#### Role:

My primary responsibility was to build six interactive videos for Blended Learning research program - also to ideate, flowchart and prototype web layout. The UI/UX is designed with a dashboard like interface.

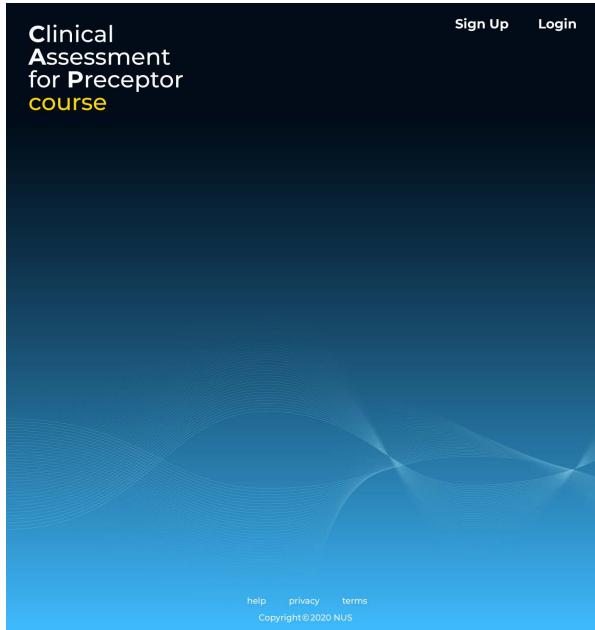

#### Tools:

Photoshop, Illustrator.

For interactive videos; Photoshop, Illustrator, Premiere, After Effect and Camtasia.

# Clinical Assessment for Preceptor UI/UX design

## High Fidelity Prototypes

A screenshot of the 'Register' page. The header includes the course name and navigation links for 'Sign Up' and 'Login'. A central registration form contains fields for 'Full Name', 'Last Name', 'Username', 'Email', 'Password', and 'Confirm Password'. Below the form is a link 'Already on CAP? Login'. At the bottom of the page are links for 'help', 'privacy', and 'terms', followed by a copyright notice: 'Copyright©2020 NUS'.

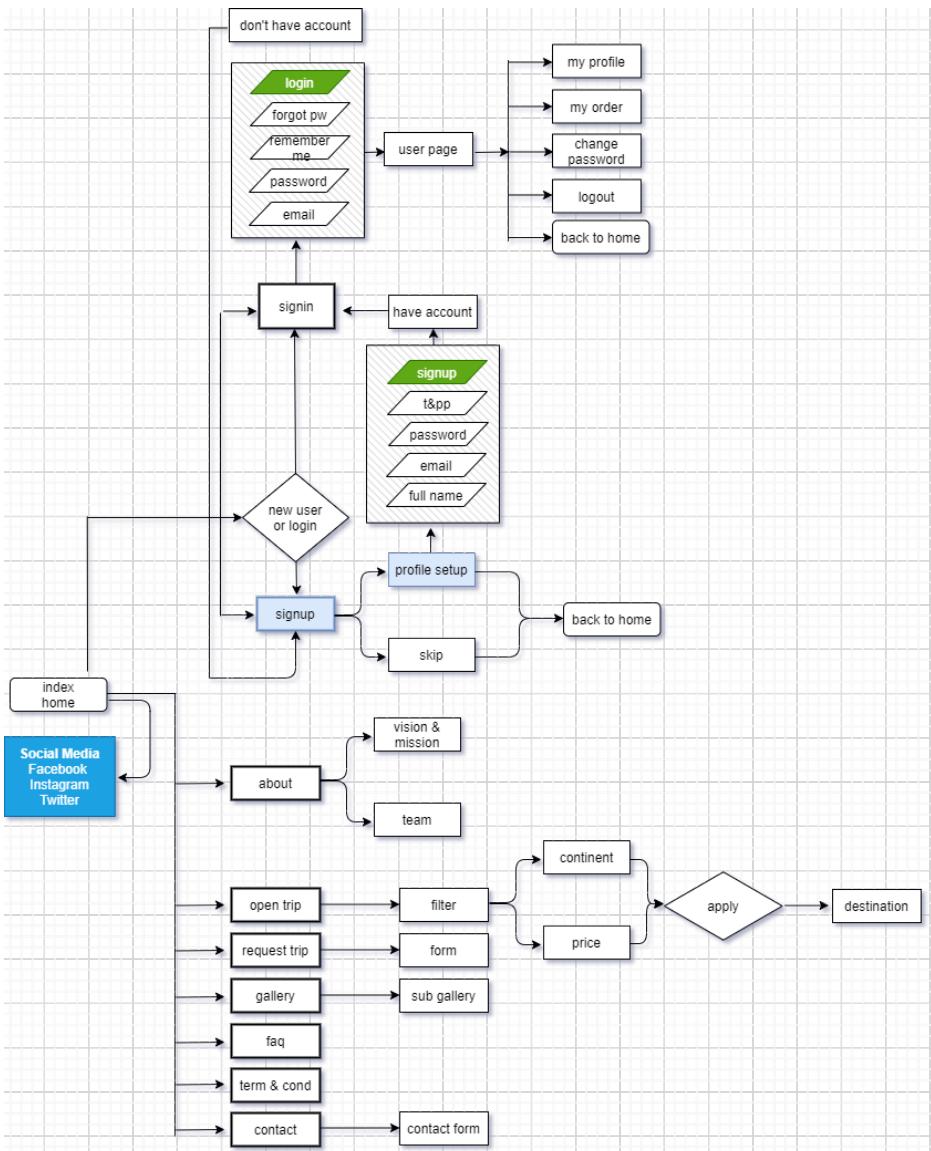

A screenshot of the 'Intro Video' page. The header includes the course name and a user profile with 'Hi, Username'. A sidebar on the left lists course modules: 'COURSE INFO' (Intro Video, Welcome, Web Lectures), 'Web Based Learning' (Theme 1 Simple Case, Theme 2 Simple Case, Theme 3 Simple Case, Theme 4 Complex Case, Theme 5 Complex Case, Theme 6 Complex Case), 'Virtual Simulation' (Overview, VR tutorial video, Avatar / Unity Game), 'QUIZ', 'DISCUSSION FORUM', and 'SURVEY'. The main content area shows a video player for an intro video featuring a woman in a suit. The video player interface includes controls for play/pause, volume, and progress bar. Below the video is a placeholder text 'LOREM IPSUM' with a detailed Latin text description. At the bottom are links for 'help', 'privacy', and 'terms', followed by a copyright notice: 'Copyright©2020 NUS'.

A screenshot of the 'Theme 5 Complex Case' page. The header includes the course name and a user profile with 'Hi, username'. A sidebar on the left lists course modules: 'COURSE INFO' (Intro Video, Welcome, Web Lectures), 'Web Based Learning' (Theme 1 Simple Case, Theme 2 Simple Case, Theme 3 Simple Case, Theme 4 Complex Case, Theme 5 Complex Case, Theme 6 Complex Case), 'Virtual Simulation' (Overview, VR tutorial video, Avatar / Unity Game), 'QUIZ', 'DISCUSSION FORUM', and 'SURVEY'. The main content area shows a video player for a complex case video featuring medical staff in a hospital room. The video player interface includes controls for play/pause, volume, and progress bar. Below the video is a placeholder text 'LOREM IPSUM' with a detailed Latin text description. At the bottom are links for 'help', 'privacy', and 'terms', followed by a copyright notice: 'Copyright©2020 NUS'.

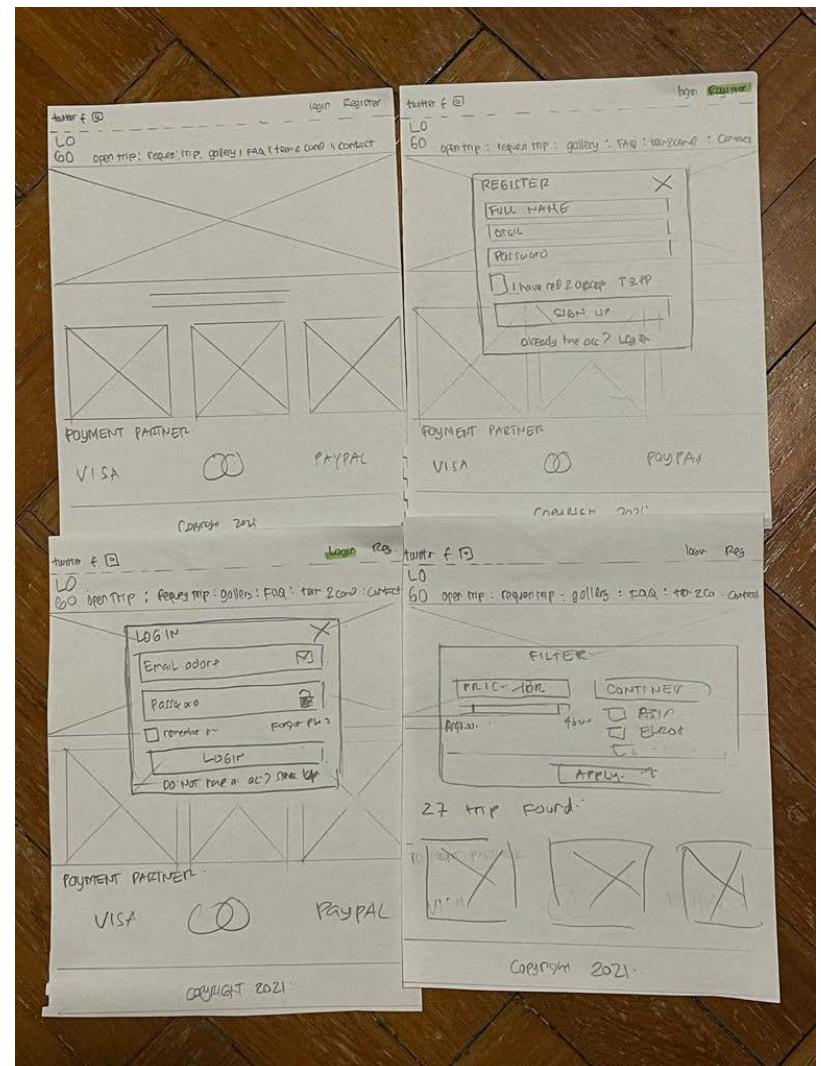

# Departemen Travel

## UI/UX design and web development

### Flowchart/User Flow

### Low Fidelity Wireframes

# Departemen Travel

## UI/UX design and web development

### High Fidelity Prototypes

The screenshots illustrate the UI/UX design of the Departemen Travel website. The homepage features a large banner with the text "We're back" and several travel offers. A "Register" modal is shown, prompting users to enter their full name, email, and password. A "Login" modal is also shown, asking for a username and password. The search results page allows users to filter trips by continent, country, and city, with a price range slider. Each trip listing includes a thumbnail image, the destination, and a price starting from.

### Role:

Logo Creation, Ideation, Flowchart, UI/UX design

### About this project:

Departemen Travel was first launched in 2016, the website and business are taking a break for a while with a new brand, team and website. Departemen Travel might sound like Departmen of Travel, but the DeparTEMEN TRAVEL itself has its own meaning in Indonesian. TEMEN means Friend or Buddy in informal Indonesian. So, Temen Travel means Travel Buddy.

### Tools:

Photoshop, Illustrator, Figma.

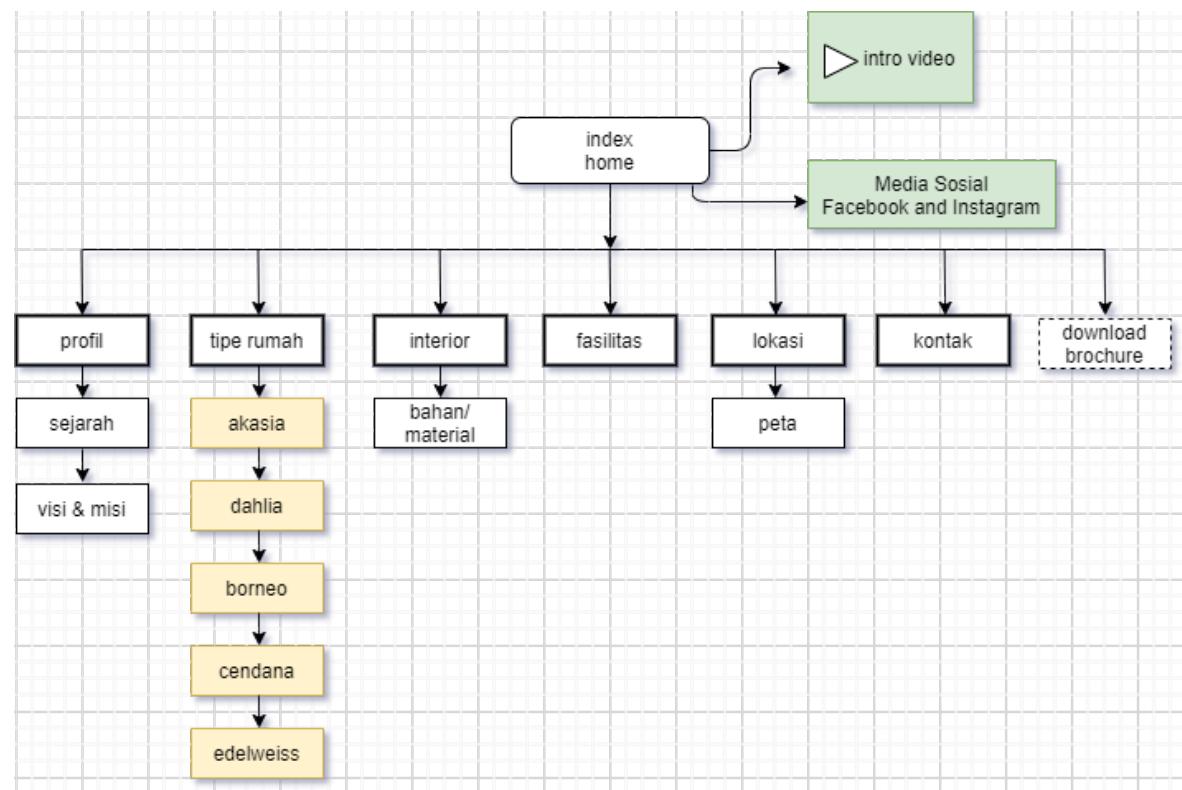

You can view the prototype [here](#).

The project is still ongoing, we're still developing the front-end and back-end for the website.

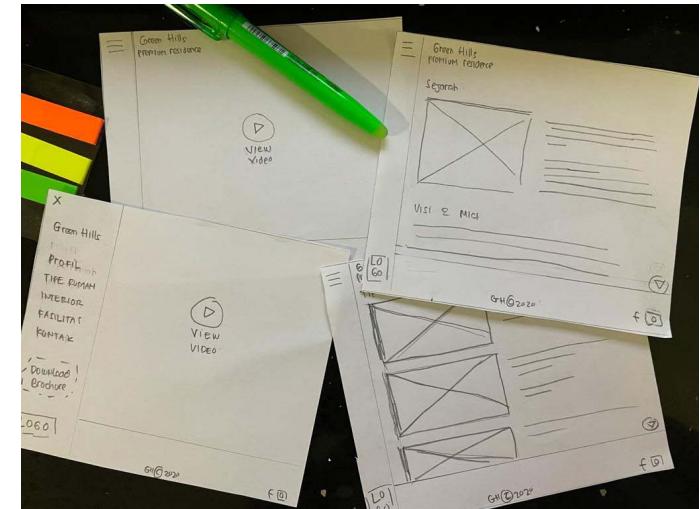

# Green Hills Premium Residence

## UI/UX design and web development

### User Flow

### Low Fidelity Wireframes

#### Role:

Ideation, Flowchart, UI/UX design, web development

#### Tools:

Photoshop, Illustrator, Figma.  
HTML, CSS & JS

You can view the prototype [here](#).

The website is still under construction.

# Green Hills Premium Residence

## UI/UX design and web development

### High Fidelity Prototypes

This high-fidelity prototype shows the "Profile" page of the website. It includes a sidebar with the "green hills premium residence" logo and a "Profile" section containing placeholder text about the company's mission and history. Below this are sections for "Sejarah" (History) and "Visi dan Misi" (Vision and Mission), each with its own image and text. At the bottom, there's a quote and a "Read More" button.

This high-fidelity prototype shows the "Tipe Rumah" (Property Types) page. It features a sidebar with the "green hills premium residence" logo and a "Tipe Rumah" section with placeholder text. Below this are six thumbnail images of different house types: Tipe Akasia, Green Hills, Tipe Borneo, Tipe Cendana, Tipe Edelweiss, and Tipe Dahlia. Each thumbnail includes a small image of the house and its name.

# CMS Websites

## Wordpress Development

# Event and Campaign Posters

Role: Ideation || Tools: Illustrator, Photoshop

A poster for a seminar titled "The Age of Ageing - Can we Intervene?" by Distinguished Professor Brian K Kennedy. The poster features the NUS logo and Yong Loo Lin School of Medicine. It includes a photo of the professor, the date (16 April 2018), time (12.30pm to 1.30pm), venue (MD11, Clinical Research Centre, Level 1, Auditorium), and a QR code. The text describes the growing sense of a holistic understanding of ageing biology and the potential for interventions to enhance human healthspan. It also mentions the TOR pathway and its connection to mTOR signalling.

A poster for Staff Welfare 2018 at the Peranakan Museum. It features a photo of a man holding a child's hand. The text reads "Staff Welfare 2018 peranakan MUSEUM on the 28th February, 2018 a guided tour to the Peranakan museum, Peranakan nyonya kueh tea at a shophouse adjacent to the museum. There will also be a photo hunt, with prizes to be won". It also mentions "a buffet lunch at Penang Place in Suntec City". The poster includes the NUS logo and Department of Biochemistry, Yong Loo Lin School of Medicine.

Those cute animals are illustrated by my scientist colleague, Mafer Seow.

## Virtual Simulation on Multidisciplinary Team Care Delivery

### JOIN US!

**Who can join?**

Students from Year 3 & 4:  
- Medicine  
- Medical social work  
- Nursing  
- Occupational therapy  
- Pharmacy  
- Physiotherapy

**Multidisciplinary Team Care Delivery**

- Engage in multidisciplinary bedside round and discharge care planning
- Introduce to shared mental models
- Facilitate effective communication and collaboration in multidisciplinary team care planning for patient-centered care

**Learning Objectives**

- Understand the roles & responsibilities of different healthcare professionals in the delivery of team care
- Apply shared mental model using ISBAR to support care planning in multidisciplinary bedside rounds
- Apply shared mental model using biopsychosocial model to support multidisciplinary discharge care planning

**2-hour interprofessional learning between Jan to June 2021**

If interested, please contact [Maybelline](mailto:Maybelline@nus.edu.sg) at [nurslo@nus.edu.sg](mailto:nurslo@nus.edu.sg) before 31 Dec 2020
